SWISS SLEEP

THE ATHLETIC MODEL FOR YOUR BACK.

# Supernova

# Supernova

The athletic model among riposa back support mattresses: Supernova ensures a dynamic lying sensation and harmonious body position. The perfect place for relaxation and recovery.

## Back relaxation system (BRS)

The unique back relaxation system (BRS) supports and ergonomically relieves the lower back. This ensures maximum sleep comfort in any sleeping position.

## & Silky soft surface

The high-tech Bodypore surface is soft and cosy and ensures an optimal bed climate for a feeling of complete security and protection when sleeping.

### TECHNICAL DETAILS SUPERNOVA

Total mattress height: 26 cm  
Core height: 22 cm

#### CORE

##### Supernova Dualtex mattress core

Featuring EvoPoreHRC foam and the high-tech Bodypore surface, the dual-texture mattress core is designed according to the guidelines of Swiss Sleep Technology (SST). Developed in line with ergonomic principles, the back relaxation system (BRS) and shoulder relaxation system (SRS) make these innovative back support mattresses particularly comfortable.

Available in three degrees of hardness.

##### Back relaxation system (BRS)

Consisting of two-level back support technology with thermally tempered pocket springs and an insulation box.

##### Bodypore surface comfort

The open cell structure of the high-tech Bodypore comfort foam ensures optimal ventilation and relieves pressure points.

##### Shoulder relaxation system (SRS)

Has an optimum relaxing and regenerating effect on both back and shoulders.

##### CSV ergonomic principle

The design is based on the CSV (contouring, support, ventilation) ergonomic principle.

#### LINING

High-quality, washable Swisswool lining.

#### MATTRESS COVER

Supernova cover with silk (Oeko-Tex Standard 100). The cover sheet can be removed on both sides and replaced if necessary. Washable up to 60 °C (gentle cycle).

#### ANTI-ALLERGIC

Also available in an allergy version at no extra charge.

# Supernova Luxe

The Supernova Luxe version makes a statement with a mattress cover that is as high quality as it is functional.

## Aesthetics

The exclusive mattress cover with fine linen piping incorporates additional manufacturing details and gives the Supernova Luxe a particularly sophisticated look.

## & Dimensional stability

The rectangular mattress shape is preserved in the long term thanks to the linen edging and the reinforcement of the side base. Even on a double bed, the Luxe fabrication results in very attractive continuity of the two lying surfaces.

### TECHNICAL DETAILS SUPERNOVA LUXE

# Supernova Superluxe

The Supernova Superluxe model offers a particularly soft surface feeling thanks to the integrated topper.

## Perfectly integrated

The integrated topper, an invention by riposa, provides special surface comfort and is removable.

## & Exquisite surface feeling

The fluffy new goose down in the topper filling guarantees the ultimate sleep experience. The body feels as if it is melting into the mattress surface.

# What is BRS?

The back relaxation system – or BRS for short – is a support technology that gives the back balanced support. The perfect place for relaxation and recovery.

# System.

The right combination for maximum sleep comfort.

A mattress only develops its full potential when it forms an optimum sleep system with the appropriate base. riposa mattresses and bases can be combined individually and adapted to your personal needs. This means that every detail contributes to anatomically correct lying – for maximum sleep comfort and deep regeneration.

riposa Swiss Sleep is an investment in your health – developed with experience and innovation, manufactured in Switzerland.
