SWISS SLEEP

THE CLASSIC FOR YOUR BACK.

Grandessa

Grandessa

The classic among riposa back support mattresses: Grandessa is a safe choice with its active lordosis support and breathable surface.

TECHNICAL DETAILS GRANDESSA

Total mattress height: 22 cm
Core height: 18 cm

CORE

Grandessa hybrid core

Developed according to Swiss Sleep technology, the Swiss EvoPoreHRC mattress core is supplemented with the AirBox-System (ABS) in the lumbar spine area. The Visco elements in the shoulder/neck zone and the innovative, breathable surface improve individual sleep comfort.

Available in three degrees of hardness.

Active lordosis support

Consisting of the unique AirBox-System (ABS) with active, thermally tempered springs in fleece pockets and an insulation box.

Comfortable bed climate

The Quadro membrane (Swiss EvoPoreHRC) with ventilation system ensures optimum climate control.

Shoulder and neck relaxation

EvoPoreHRC comfort springs, in combination with the soft dynamic Visco element, offer gentle shoulder and neck relaxation.

CSV ergonomic principle

The design is based on the CSV (contouring, support, ventilation) ergonomic principle.

LINING

High-quality, washable Swisswool lining.

MATTRESS COVER

Grandessa cover with silk (Oeko-Tex Standard 100).

The cover can be removed on both sides and replaced if necessary. Washable up to 60 °C (gentle cycle).

ANTI-ALLERGIC

The Swisswool lining can be replaced by an anti-allergic climate fibre layer at no extra charge.

Active lordosis support ABS

The lordosis support consists of the unique AirBox-System (ABS) and offers optimum support for the lower back. Grandessa guarantees particularly ergonomic lying of the body in any sleeping position.

& A comfortable bed climate

The breathable Quadro membrane consisting of Swiss EvoPoreHRC with ventilation system ensures optimum climate control and perfect sleep comfort.

Grandessa Luxe

The Grandessa Luxe version makes a statement with a mattress cover that is as high quality as it is functional.

Aesthetics

The exclusive mattress cover with fine linen piping incorporates additional manufacturing details and gives the Grandessa Luxe a particularly sophisticated look.

& Dimensional stability

The rectangular mattress shape is preserved in the long term thanks to the linen edging and the reinforcement of the side base. Even on a double bed, the Luxe fabrication results in very attractive continuity of the two lying surfaces.

TECHNICAL DETAILS GRANDESSA LUXE

Total mattress height: 22 cm
Core height: 18 cm

CORE

Grandessa hybrid core with active lordosis support and comfortable bed climate.

Developed according to Swiss Sleep technology, the Swiss EvoPoreHRC mattress core is supplemented with the AirBox-System (ABS) in the lumbar spine area. The Visco elements in the shoulder/neck zone and the innovative, breathable surface improve individual sleep comfort.

Grandessa Superluxe

The Grandessa Superluxe model offers a particularly soft surface feeling thanks to the integrated topper.

TECHNICAL DETAILS GRANDESSA SUPERLUXE

Total mattress height: 26 cm
Core height: 18 cm

CORE

Grandessa hybrid core with active lordosis support and comfortable bed climate.

Developed according to Swiss Sleep technology, the Swiss EvoPoreHRC mattress core is supplemented with the AirBox-System (ABS) in the lumbar spine area. The Visco elements in the shoulder/neck zone and the innovative, breathable surface improve individual sleep comfort.

Available in three degrees of hardness.

INTEGRATED TOPPER

Integrated topper with MicroGel fibres; with zip fastener, easily removable; washable up to 60 °C (gentle cycle).

MATTRESS COVER AND TOPPER COVER

Grandessa cover with silk (Oeko-Tex Standard 100).

The cover can be removed on both sides and replaced if necessary.

The integrated topper is also removable and washable at up to 60 °C (gentle cycle).

ANTI-ALLERGIC

Also available in an allergy version at no extra charge.

Perfectly integrated

The integrated topper, an invention by riposa, provides special surface comfort and is removable.

& Gentle surface feeling

The MicroGel fibre is a high-tech fibre produced using the latest technology and developed on the basis of allergy research. It features high moisture transport and soft, down-like comfort.

Grandessa Superluxe Art. no. 2116 (soft) | 2117 (medium) | 2118 (forte)

Dimensions	80/90 cm	95 cm	100 cm	120 cm	140 cm	160 cm	180 cm	200 cm

Prices in CHF

Special versions:

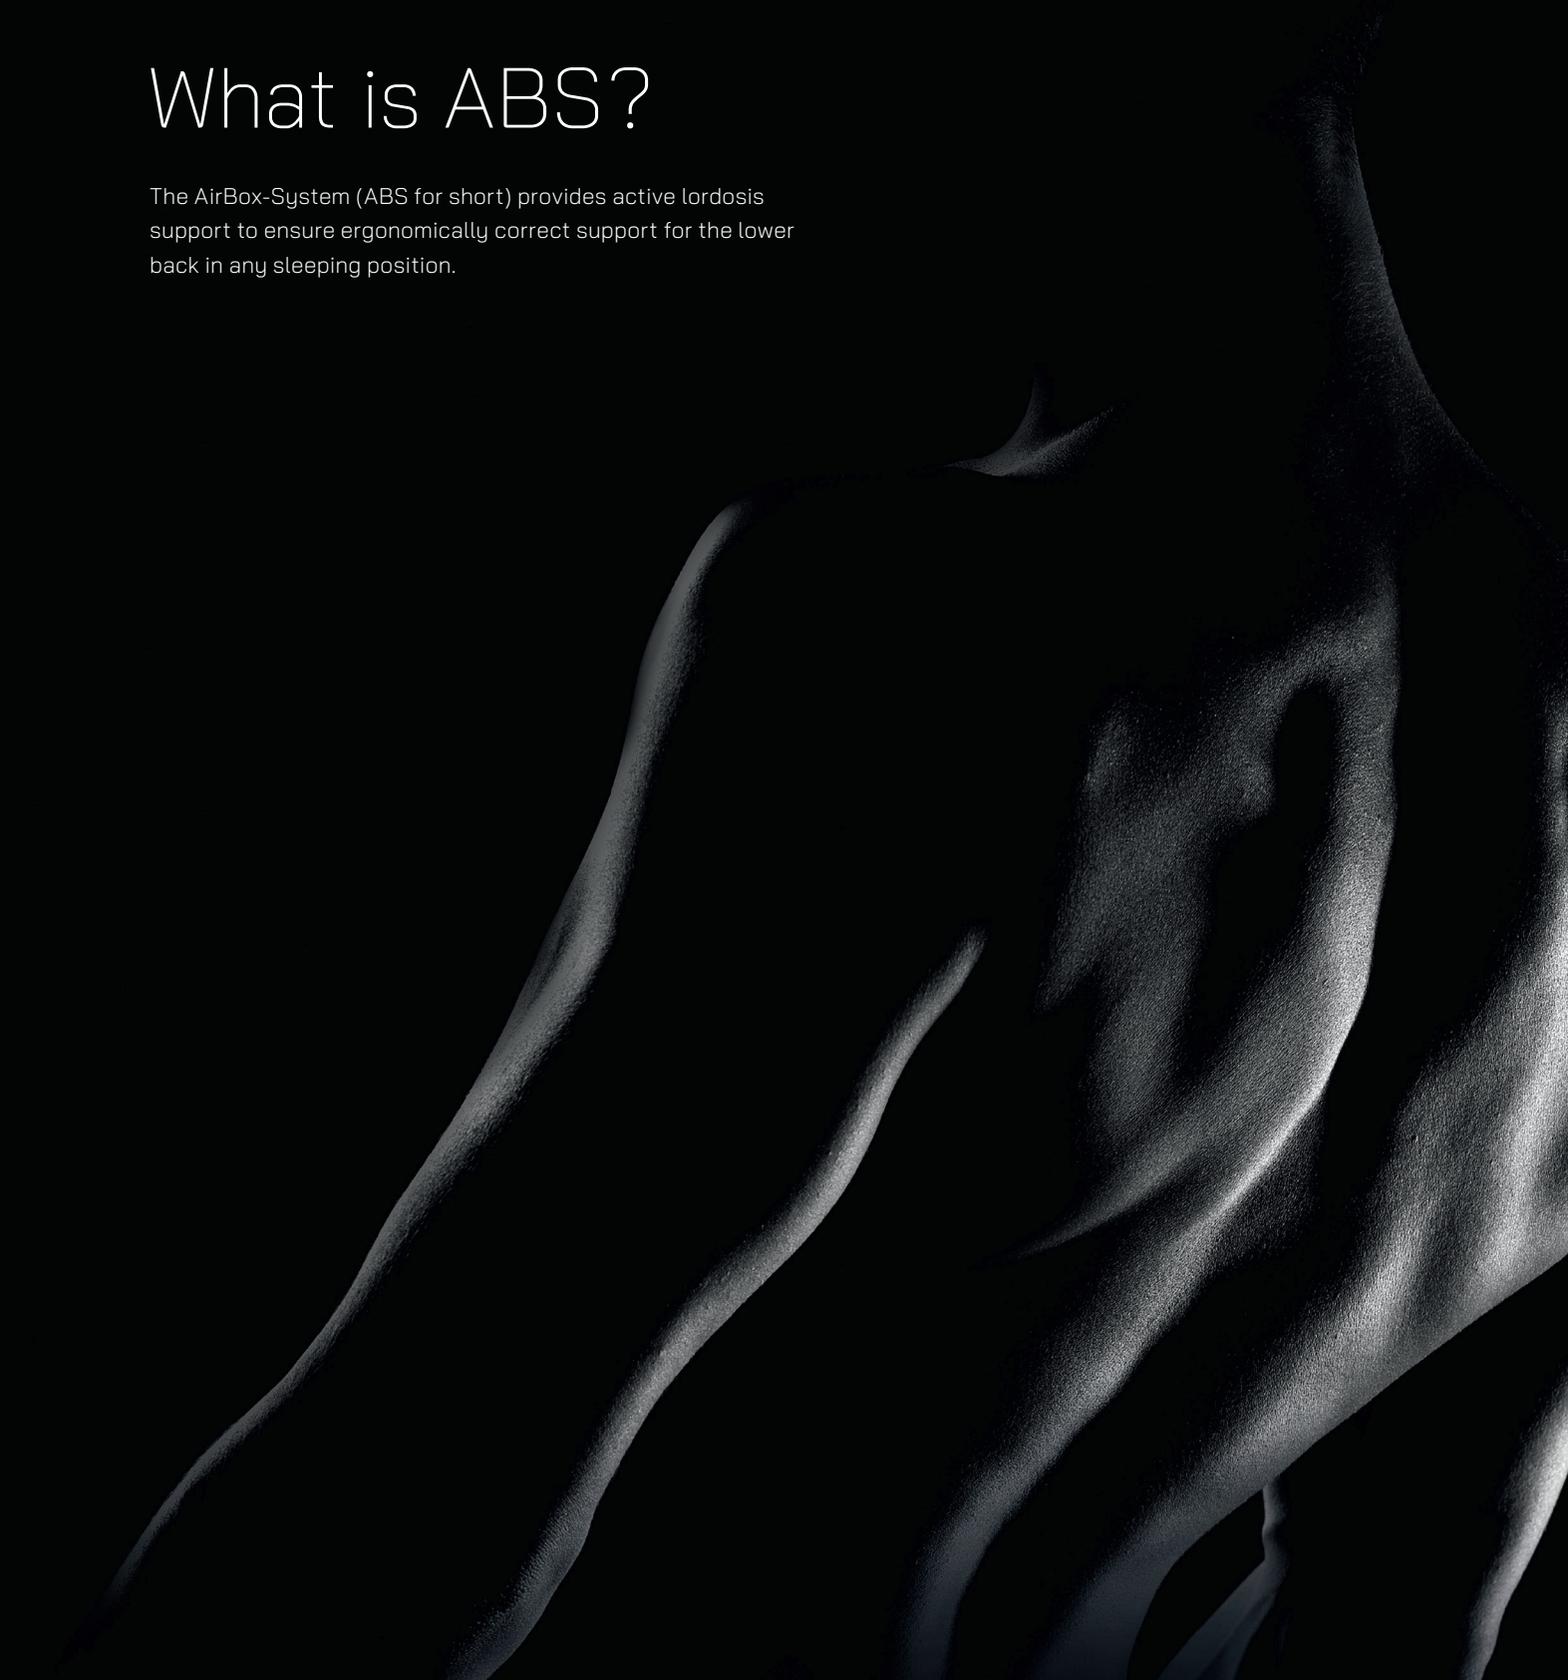

Surcharge for additional zip on the underside of the mattress for attaching the integrated topper on both sides: CHF 200.-

Surcharge for special version of the continuous, integrated topper over two mattresses: CHF 350.- (calculation example: 2 × CHF 2650.- + CHF 350.- = CHF 5650.-)

What is ABS?

The AirBox-System (ABS for short) provides active lordosis support to ensure ergonomically correct support for the lower back in any sleeping position.

System.

The right combination for maximum sleep comfort.

A mattress only develops its full potential when it forms an optimum sleep system with the appropriate base. riposa mattresses and bases can be combined individually and adapted to your personal needs. This means that every detail contributes to anatomically correct lying – for maximum sleep comfort and deep regeneration.

riposa Swiss Sleep is an investment in your health – developed with experience and innovation, manufactured in Switzerland.
