

WEIGHTLESSNESS FOR YOUR BACK.

SuperFlow

SuperFlow

Enjoy weightless sleep thanks to the SuperFlow back support mattress. Its futuristic design and revolutionary use of materials create a feeling of liberation and unlimited lightness.

GEL.PORE surface – a fusion for weightlessness

Highly adaptable, soft DELUXE gel foam combined with riposa's favourite foam Bodypore: a unique fusion to ensure surface comfort.

Floating on «cloud pillows»

The «cloud pillow» in the lumbar area is incorporated into an ortho-knit cover and contains ergonomic metalfree spring joints. The harmonious pillow technology is connected via innovative 3D mesh.

SUPERFLOW TECHNICAL DATA

Total height of mattress: 22 cm

Core height: 18 cm

CORE

Futuristic SuperFlow mattress core with GEL.PORE

The Swiss SuperFlow mattress core features the GEL.PORE fusion surface and special «cloud pillows» mattress architecture.

The combination of gel foam – a material with aerospace DNA – and innovative pillow technology transforms the sleep comfort of the SuperFlow into a floating feeling.

Available in three degrees of hardness.

GEL.PORE fusion surface

The innovative GEL.PORE fusion surface is created by the unique fusion of the intelligent DELUXE gel foam with riposa's high-tech Bodypore comfort foam.

The elaborate workmanship consisting of longitudinal and horizontal ventilation channels and the open cell structure ensure the ideal bed climate.

«Cloud pillow» architecture

The pillow in the centre is incorporated into a breathable ortho-knit cover and contains ergonomic metalfree spring joints. It provides gentle lumbar support and comfortable pelvic contouring.

The shoulder pillow ensures balanced adaptation. The three different pillows are connected via innovative, breathable 3D mesh.

CSV ergonomic principle

The design is based on the CSV (contouring, support, ventilation) ergonomic principle.

LINING

High-quality, washable Swisswool lining.

MATTRESS COVER

SuperFlow cover with silk (Oeko-Tex Standard 100). The cover sheet can be removed on both sides and replaced if necessary. Washable up to 60 °C (gentle cycle).

ANTI-ALLERGIC

Also available in an allergy version at no extra charge.

SuperFlow Luxe

The SuperFlow Luxe version makes a statement with a mattress cover that is as high in quality as it is functional.

Aesthetics

The exclusive mattress cover with fine linen piping incorporates additional manufacturing details and gives the SuperFlow Luxe a particularly sophisticated look.

& Dimensional stability

The rectangular mattress shape is preserved in the long term thanks to the linen edging and the reinforcement of the side base. Even on a double bed, the Luxe fabrication results in very attractive continuity of the two lying surfaces.
