

THE ERGONOMIC CLASSIC MADE OF ALUMINIUM.

riposa Flex

riposa Flex in aluminium.

A bedtime story
with future.

The riposa Flex was launched over 20 years ago as the first slatted base made of aluminium – a genuine Swiss innovation that has been continuously, gently and intelligently developed ever since.

The riposa Flex combines first-class engineering with high-quality, sustainable materials to offer a superlative ergonomic experience.

Aluminium is a material that makes sense: it is stable and lightweight. The certified Hydro low-carbon aluminium used for the riposa Flex also has a very low CO₂ footprint and is almost infinitely recyclable.

Also suitable for flat bed frames

Maximum suspension with
low fitted height (7 cm).

Long service life

Reinforced middle zone
made of fiberglass.

Self-regulating shoulder comfort

for the highest ergo-
nomic demands.

riposa Flex
