Fancy some technology? No problem!

The Reflex embodies the latest technology in the field of sleep system engineering: its sleep surface with single-spring suspension reflects all the points of your body.

System.

The right combination for maximum sleep comfort.

A mattress only develops its full potential when it forms an optimum sleep system with the appropriate base. riposa mattresses and bases can be combined individually and adapted to your personal needs. This means that every detail contributes to anatomically correct lying – for maximum sleep comfort and deep regeneration.

riposa Swiss Sleep is an investment in your health – developed with experience and innovation, manufactured in Switzerland.
