SWISS SLEEP

PERFECT SLEEP COMFORT.

riposa neck pillow

# riposa neck pillow

The riposa neck pillow completes the riposa sleep system. Whether you prefer a very soft pillow, one with extra support, a plump pillow or one that is barely noticeable: in true riposa style, our neck pillow can be customised to suit your personal needs and preferences.

## Two sides with different benefits

The riposa neck pillow can be used on both sides thanks to its two-face cover: one side of the pillow cover with its new, pure goose down filling is particularly soft, while the side filled with micro-gel remains pleasantly cool.

## Cosy and soft

The new, pure, large-flake goose down is particularly soft, while the three-chamber system ensures good support for the neck.

## Pleasantly cool

The side filled with light micro-gel ensures a pleasantly cool feel.

## Ergonomic at night, stylish during the day

The careful, high-quality workmanship of the pillow cover ensures extra shape retention – for ergonomic neck comfort at night and aesthetic appeal during the day.

# You have the choice

Choose one of two different cores for your customised neck pillow.

## Custom core

Thanks to the zip fastener and the additional microclimate flakes supplied with the pillow, the filling quantity of the insertable Custom core can be adjusted to suit your individual requirements.

**SOFT**

**MEDIUM**

**FORTE**

## Forte core

The insertable Forte core with new goose feathers is suitable for anyone who prefers a pillow with perceptible support.

### TECHNICAL DATA

#### CUSTOM CORE

Insertable core filled with 100 g of microclimate flakes. The support level and filling can be individually adjusted thanks to the zip fastener and the refill bag supplied, which contains an additional 80 g of microclimate flakes. Not washable.

Support:  
soft to forte (individually adjustable according to the quantity of microclimate flakes)

#### FORTE CORE

Insertable core filled with 550 g of new white goose feathers. Washable at up to 40 °C with subsequent drying in a tumble dryer.

Support:  
forte

#### TWO-FACE COVER

The selected core (Custom or Forte) is encased in a cosy cotton batiste cover. The front of the cover has a supportive three-chamber system and is filled with 210 g of new, pure white 90 % large-flake goose down. The reverse side contains a 200 g microgel filling. Washable at up to 40 °C and then tumble dry.

# System.

The right combination for maximum sleep comfort.

A complete, ergonomic sleep system consists of a bed, a slatted base, a back support mattress – and a pillow. Thanks to the wide variety and multiple individual combination options offered by the riposa product family, sleep systems can be customised to suit your personal requirements. This means that every detail contributes to anatomically correct lying – for maximum sleep comfort and deep regeneration.

riposa Swiss Sleep is an investment in your health – developed with experience and innovation, manufactured in Switzerland.
