SWISS SLEEP

THE COSY MATTRESS FOR YOUR BACK.

Bellissima

Bellissima

No doubt the cosiest riposa back support mattress: the Bellissima has a latex surface and finely coordinated design for a particularly gentle sleeping experience.

Innovative Protect-System

A combination of Swiss EvoPoreHRC foam and high-tech metal-free spring elements, supports the lower back during any sleep movement.

Gentle comfort & ventilation

The adaptive 3D latex surface with vertical and horizontal profiling provides selective ventilation and finely tuned ergonomics. This ensures an extremely cosy, deeply relaxing sleeping experience.

TECHNICAL DATA BELLISSIMA

Total height of mattress: 22 cm
Core height: 18 cm

CORE

Bellissima EvoPore mattress core

The innovative Protect-System made up of metal-free high-tech spring elements built into the Evo-PoreHRC foam architecture supports the spine in a wide variety of positions – fully in line with Swiss Sleep Technology SST.

An adaptive, elasticated latex surface completes the model.

Available in three degrees of hardness.

Metal-free Protect-System

The Protect-System consists of high-tech spring joints embedded in Swiss EvoPoreHRC foam.

Latex surface

The perforated 3D latex surface ensures optimum ventilation and maximum comfort thanks to pressure point relief.

Shoulder and neck relaxation

The elastic shoulder/neck zone is harmoniously integrated into the ergonomic mattress architecture.

CSV ergonomic principle

The design is based on the CSV (contouring, support, ventilation) ergonomic principle.

Bellissima Luxe

The Bellissima Luxe version makes a statement with a mattress cover that is as high quality as it is functional.

Aesthetics

The exclusive mattress cover with fine platinum piping incorporates additional manufacturing details and gives the Bellissima Luxe a particularly sophisticated look.

& Dimensional stability

The rectangular mattress shape is preserved in the long term thanks to the linen edging and the reinforcement of the side base. Even on a double bed, the Luxe fabrication results in very attractive continuity of the two lying surfaces.
