

riposa

SWISS SLEEP

QUEEN OF THE BACK SUPPORT MATTRESSES.

Opera

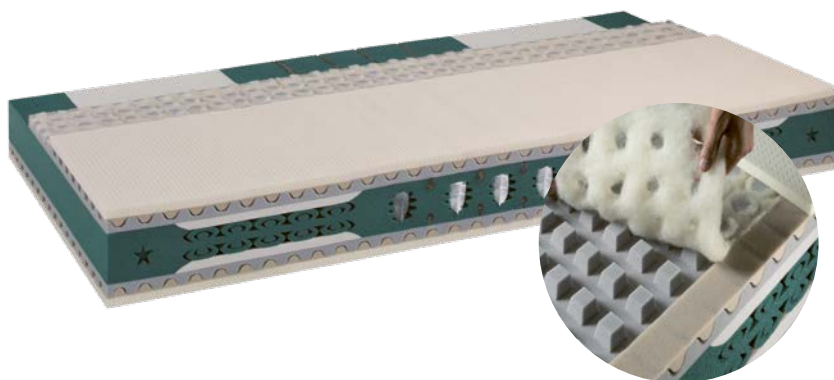

Opera

The queen of the riposa back support mattresses combines high-tech features and natural materials. It offers supreme sleeping comfort thanks to the selection of the finest materials and special manufacturing techniques.

Natural Connect-System for absolute comfort

Thanks to the innovative Natural Connect-System, the body melts into the high-quality core surface and benefits from finely dosed pressure point relief.

Natural materials & ergonomics

The sustainable Swiss Green core with (metal-free) integrated foam boxes in the lumbar region – supplemented with horsehair and viscoelastic elements in the shoulder zone – ensures an extremely elegant, ergonomic sleeping experience.

TECHNICAL DATA OPERA

Total height of mattress: 26 cm
Core height: 22 cm

CORE

Opera Swiss Green foam mattress core

The Swiss Green foam core (EvoPore VHRC), developed according to Swiss Sleep Technology (SST), stands out for its elastic comfort and sustainability. Metal-free foam boxes and horsehair are embedded into the rear section; viscoelastic elements offer added comfort in the shoulder zone. The unique Natural Connect-System on the surface completes the model.

Available in three degrees of hardness.

Surface with Natural Connect-System CS

The high-tech surface architecture consists of a combination of natural latex and a Swisswool knitted fabric, inserted into the foam base.

Lumbar comfort

The metal-free foam boxes and horsehair inlays complement the ergonomic back comfort in the mattress core made of Swiss EvoPore VHRC.

Shoulder Balance System SBS

The Shoulder Balance System consists of a viscoelastic element for gentle shoulder and neck relaxation.

CSV ergonomic principle

The design is based on the CSV (contouring, support, ventilation) ergonomic principle.

LINING

High-quality, washable Swisswool lining.

MATTRESS COVER

Opera cover with silk (Oeko-Tex Standard 100). The cover sheet can be removed on both sides and replaced if necessary. Washable up to 60 °C (gentle cycle).

ANTI-ALLERGIC

Also available in an allergy version at no extra charge.

Opera Luxe

The Opera Luxe version makes a statement with a mattress cover that is as high quality as it is functional.

Aesthetics

The exclusive mattress cover with fine linen piping incorporates additional manufacturing details and gives the Opera Luxe a particularly sophisticated look.

& Dimensional stability

The rectangular mattress shape is preserved in the long term thanks to the linen edging and the reinforcement of the side base. Even on a double bed, the Luxe fabrication results in very attractive continuity of the two lying surfaces.

Available in three degrees of hardness.

INTEGRATED TOPPER

Integrated topper with new, pure goose down in diamond quilting (Downpass certified); temperature-regulating function with integrated microclimate capsules (Outlast); with zip, easily removable; washable at up to 40 °C (gentle cycle).

MATTRESS AND TOPPER COVER

Opera cover with silk (Oeko-Tex Standard 100). The cover sheet can be removed on both sides and replaced if necessary. The cover can be removed on both sides, washed and replaced if necessary. The integrated topper is also removable, washable and replaceable.

ANTI-ALLERGIC

Also available in an allergy version at no extra charge.

Special versions:

Surcharge for additional zip on the underside of the mattress for attaching the integrated topper on both sides: CHF 200.-.

Surcharge for special version of the continuous, integrated topper over two mattresses: CHF 350.- (calculation example: 2 × CHF 3680.- + CHF 350.- = CHF 7710.-)

Perfectly integrated

The integrated topper, an invention by riposa, provides special surface comfort and is removable.

& Exquisite surface feeling

The fluffy new goose down in the topper filling guarantees the ultimate sleep experience. The body feels as if it is melting into the mattress surface. The microclimate capsules incorporated into the surface ensure a cool welcome as you lie down.

When ergonomics meets sustainability

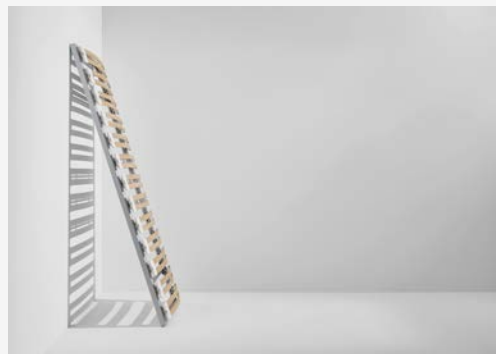

The production of Swiss Green foam (EvoPoreVHRC) requires up to 30 % fewer raw materials than the production of conventional foam – at the same time, the sustainable material stands out for ergonomic sleeping comfort at the highest level.

System.

The right combination for maximum sleep comfort.

A mattress only develops its full potential when it forms an optimum sleep system with the appropriate base. riposa mattresses and bases can be combined individually and adapted to your personal needs. This means that every detail contributes to anatomically correct lying – for maximum sleep comfort and deep regeneration.

riposa Swiss Sleep is an investment in your health – developed with experience and innovation, manufactured in Switzerland.
